Dunkeld West Centre - where it all happens

DUNKELD WEST CENTRE is situated on Jan Smuts Avenue, in the fine upmarket suburb of Dunkeld, the heart of "older Johannesburg", with an ambience of fine homes, superb entertainers' dreams. It lies just north of Rosebank and is sandwiched between Melrose and Hyde Park in the northern suburbs of Johannesburg.

This well-established centre, with its wide variety of shops and other amenities, caters for every customer's needs. It has been in existence for more than 30 years and the loyal storeowners have built up a good clientele rapport through expertise, friendliness and putting their clients first.

Jan Smuts Avenue, one of the major arteries of Johannesburg's traffic, sweeps through the northern suburbs from the city

centre, via Rosebank and onwards. It's on this road that you will find the Dunkeld West Centre. Johannesburg Zoo is not far from here.

This leafy suburb with its tranquil, broad streets, has also remained a pulsating business hub in the metropolis over all these years, incorporating top-class convenient neighbourhood shopping centres.

There is convenient safe parking and for most occasions, this is the ideal one-stop centre, always offering "that something extra". Try us once - and be hooked. Or speak to any of our fiercely loyal "regulars".

• According to the Penguin Dictionary of British Place Names, Dunkeld means "fort of the Caledonians", a reference to the Picts who once occupied Scotland.

The sweet sound of Motor Music

FOCUS ON DUNKELD WEST CENTRE

For sports shoes, the name is the Sweat Shop

AT THE SWEAT Shop you will find the largest range of sports shoes in South Africa. The biggest difference will be that the staff will encourage you to sit down and be fitted with shoes, rather than just expecting you to choose a shoe off the rack. Their philosophy is that fit and function take precedence over fashion.

As a result of this philosophy, many of their regular clients first arrive as referrals from various members of the medical fraternity. This has led them to carry a range of "com-

fort shoes" suitable for wearing to school, the office, trade shows or overseas holidays, where 10 km a day walking is just par for the course.

They stock the largest range of running shoes both in terms of models (over 50) and sizes - from children's US 10 to adults 16 and a couple of 17s. A number of these models are also available in width fittings.

Training aids include Nike Plus products, adidas MiCoach and Polar Heartrate monitors.

Whether you are just starting to exercise, or are

a seasoned marathon runner, you will be treated with the same care and fitted with shoes to suit your needs.

The tennis and football ranges are also very impressive. Having recently expanded the store, they are now stocking a larger range of

functional sports clothing including a large range of compression garments.

Unlike a lot of other stores, they appreciate that swimming is now a year-round activity and they don't pack the costumes away come the end of February!

Stax Dunkeld West Centre - best price, best advice

STAX, DUNKELD Superstore, so conveniently positioned, has all you need, offering a comprehensive range of hi-tech, sound, photographic, outdoor, sports and white goods to satisfy all customers' needs.

Twenty five years ago the cassette tape was slowly phasing out the 8 track. Twenty five years ago Stax Superstores was the top supplier of the latest technology. Twenty five years later Stax represents the future of retail - the changing face of technology.

Stax's vision is to always offer the latest, top-of-the-range branded products with the best advice and of course, the best price.

Stax, Dunkeld opened at Dunkeld West Centre 30 years ago. Since its dynamic niche store opening, this store has adapted to best service their customers' needs by listening and caring about the customer.

With the kind of service, Stax offers, it's easy to recommend them to every friend and family member! When it comes to customer service and satisfaction, Stax makes the difference.

The store underwent a major refurbishment three years ago and became larger and more modern.

Stax's loyal staff are helpful and efficient.

The service is excellent and the store regularly keeps its customers informed on availability of stock and delivery dates.

The staff are well-trained and have excellent product knowledge to give customers the service they deserve.

Jacques Alhadeff, has been general manager for 12 years and with his efficiency, knowl-

edge and expertise, the business has grown tremendously and his customers know him well.

Many of the Stax Dunkeld staff have given outstanding service for many years - André Pienaar, sales manager for large appliances, has been there for more than 30 years. Ian Connelly, of audio sales, has been with the company for more than 12 years.

Patrick Radebe of major appliance sales, Elias Mantaba of smaller appliance sales, Randall Stewart of photographic and Emanuel Anderson of business machines, have all given long service.

Stax, Dunkeld is open from Monday to Friday, 09:00 - 18:00; Saturday, from 09:00 to 16:00 and Sunday from 09:00 to 14:00.
